

# Payments Technology and Software Solutions, Tailored to your business

Global Payments is pleased to partner with QuickPOS Technologies Inc. to offer restaurateurs, and retailers just the right payments technology and software solutions your business needs to run smoothly, efficiently, and affordably. We provide you the flexibility of using the payment methods of your choice – in-person, in-app, online, or on-the-go.

## With Global Payments, you'll benefit from:

- **Preferred Pricing†** – includes a FREE, no obligation cost analysis to identify potential savings opportunities for your business.
- **Streamlined payments** – acceptance for all major debit and credit payment types, including digital wallets
- **Fast access to funds** – deposited to your bank account as early as the next business day
- **Comprehensive industry leading support** – when you need it – 24/7/365

Process online without the need for your own website. Accept payments by phone, email or mail and securely process through our browser-based hosted payment page.

Industry-leading smart terminals, including the latest Desk/5000 and Move/5000 to offer you a choice of new generation Countertop or Wireless payment acceptance.
